A program of

# Meet the Best and Brightest of the Capital Region’s Young Leaders

Launched in 2009 as the young professional program of the Sacramento Metro Chamber, Metro EDGE represents the future leaders of our region who value how far we have come and are committed to continuing the growth and improvement of our cities. EDGERS come from a variety of private, public, and nonprofit business sectors with diverse backgrounds and education levels.

## Mission

Create opportunities for young professionals to engage with a key network, develop critical business skills, give back to the community and empower themselves to be business and civic leaders in the Capital Region.

## What Metro EDGE members say:

*“My professional interactions were really nonexistent before Metro EDGE. Now I feel like I know more people who work in different industries, and I have developed some relationships that might open up doors for me.”*

*“Metro EDGE has connected me with many influential young professionals, provided skills and resources to grow professionally, and also helped me to become more involved with the development of the region.”*

*“As a graduate student, I was looking for ways to put my skills to work in applicable settings and to grow as a professional. Metro EDGE gave me a great networking outlet and an all-encompassing professional experience outside the classroom.”*
