

To our future Board of Directors member:

We are excited to inform you or your organization that Kaleidoschool is looking to add member(s) to its Board of Directors. We have a need for individuals who are dedicated, resourceful, and passionate about giving back to the community through education. Many children now have a need for a homeschool situation, or are experiencing a learning loss or advance. Kaleidoschool is ready to serve in this capacity. We seek to specifically serve the families in the Rancho Cordova/Sacramento area. We have chosen this area because we see a real need for innovation in this community: there are many newcomers to the country, many whose families are affected by inequity in economic opportunities, and many whose lives are fraught with trauma. In addition, there are more young families in Rancho Cordova than in the past, and with several burgeoning communities, that will only increase.

We are confident that by adjusting to the current climate in education, Kaleidoschool will provide students and their families all they need to not just survive, but thrive. Through emphases on community, academics, nature, arts, life skills and overall well-being, Kaleidoschool aims to address the multitude of issues faced by children in underserved communities. ***One thing that makes us unique?*** We truly desire to serve and support the families as well. We realize that you must change the system – not the child. This is why our courses will be offered to parents and families as well as the children.

As Kaleidoschool is still in development stage, we need individuals who are ready to roll up their sleeves and help make this vision a reality. Our Board meets once a month, and each Board Member is also asked to participate in additional duties as occasionally needed. We also seek Executive Board Members who will in the future be required to attend Executive Board meetings in addition to general Board meetings and committee meetings. All members are expected to participate in fundraising, community outreach, promotion, and other activities. This is a commitment. This is also a huge opportunity for your ideas to be heard and your impact to be felt by an entire community.

Prospective members should start by attending a general Board meeting (we are currently conducting them on Zoom) and reviewing our website. If you/anyone in your organization [are/is] interested in joining our dedicated team as a board member, please contact me for further information. We look forward to meeting you!

Thank you,

Janice Oliver-Iraci
