

## Join the California CareForce Board of Directors!

### Who we are

California CareForce, the charitable arm of the California Association of Oral and Maxillofacial Surgeons, is a group of volunteer healthcare professionals, community leaders and engaged citizens who believe all people, regardless of their background, income, employment, family size, citizenship, etc., deserve access to quality and compassionate healthcare.

### What we do

California CareForce promotes the health and well-being of those in need through volunteer supported, no-cost healthcare clinics across California. Not only do we provide access to care, but we also connect patients with healthcare providers within their community so they may establish a dental, vision, and/or medical home to assist them on their path to improved health and quality of life through continuous accessible care.

### How we do it

California CareForce organizes free, pop-up clinics that provide access to basic and critical dental, vision, and medical care to those who would otherwise be forced to go without care. The clinics are divided into three main sections, Dental, Vision and Medical, and staffed by hundreds of licensed volunteer healthcare professionals and general community members. CCF has two full-time staff members and is 100% funded by donations, grants, foundations, and sponsorships.

### Who we need on our Board of Directors

We are recruiting persons with experience in marketing, community relations, and/or fundraising. The Board meets four times a year in Roseville, CA, or viz Zoom, and requires ongoing committee work and serving at two of CCF's clinics each year. If you would like more information, please contact Barbara Fitzwater –
